Ekerete Akpan, Chief Financial Officer, provided an overview of the finance metrics. The Committee reviewed and discussed the information.

During the review of the Ambulatory and Community Health Network (ACHN) Operations Overview, Board Chair Hammock inquired regarding Prieto Clinic's provider visits being lower than expected. Iliana Mora, Chief Operating Officer of Ambulatory Services, responded that the clinic is experiencing a decrease in provider time, which means they did not have enough providers. The administration is implementing recruitment plans and is working with provider leaders to staff up at the site for full-time providers. Additionally, they are working with the department chairs to see how to get more provider time - not just for Prieto but across the System.

Mr. Akpan provided an overview of the strategic planning discussion presentation, which included information on the following subjects:

- Overview of Finance Department
- Impact 2020 Recap – Status and Results
- FY2016-2018 – Some Financial Context for the Future
- Environmental Scan of Market, Best Practices, Trends
- Key Revenue Considerations
- Key Revenue Trends / Analysis
- Key Expense Considerations

Board Chair Hammock stated that, as part of the strategic plan, the Board has to have a clearer understanding of the long-term pension liabilities; he requested that the administration makes sure that is factored in. Chair Reiter noted that he has previously asked that the Committee have a pension discussion, so people have a working understanding of where the pension obligation comes from, what it means, and how it factors in. Dr. John Jay Shannon, Chief Executive Officer, stated that he and staff will take a look at the schedule of upcoming meetings and strategic planning topics to find the best spot to have that discussion.

VI. Adjourn

As the agenda was exhausted, Chair Reiter declared the meeting ADJOURNED.

Respectfully submitted,
Finance Committee of the
Board of Directors of the

Re: American College of Surgeons Hospital Participation Agreement

Respectfully requesting authority to execute a hospital participation agreement with the American College of Surgeons ("ACS") for trauma data sharing and ACS benchmarking services.

This contract with ACS is necessary in order for the John H. Stroger Jr. Hospital of Cook County to remain a verified Level 1 Trauma Center. Although the annual fee for this contract is \$12,000.00, this contract is being presented for your consideration due to ACS' requirement of an indemnification clause in the accompanying business associate and data sharing agreement that would make each party responsible for the impact of its own data breach.
